WORLD WAR I COLLECTION EMERGENCY COINS

During the period of 1914–1918 and also during postwar years 1919–22 many hundreds of cities and towns in Germany had struck metal coins or tokens for emrgency use during the war. They were made mostly from zinc or potmetal altho a few are to be found in nickle, brass, lead, iron and other metals. These emergency coins became worthless when inflation set in and a loaf of bread cost a million marks not a few pfennigs. Many of these coins are now very rare and will become increasingly so as time goes on. This collection was formed by orders of a well known royal personage but who lost his throne before they could be delivered to him. Runs from AHLEN TO ZWICKA.

ODD AND CURIOUS MONEY

BURMA

Cambodia and Laos States, North Siam

We offer herewith the finest collection of the curious animal weights of Burma. Starting back many centuries ago each King had issued a set of OFFICIAL WEIGHTS the form used being that of the animal representing his birthdate. For instance King Alompra 1753–60 was born under the sign of the ELEPHANT so the weights which every merchant was required to have in shop were cast at Mandalay in the shape of elephants, King Bodopaya 1781–1819 was the LION, King Naungdozi 1760–63 was the DUCK; King Mindon Min 1852–78 as well as Thibaw was the SWIFT (a bird). For the complete history of the issuance and use of these curious numismatic pieces see Sir Richard Temple in the INDIAN ANTIQUARIAN 1898 and also in 1913. Sir Richards states that while these pieces were the official issues of the Kings of Burma their use was wide spread in parts of CAMBODIA AND NORTH SIAM (LAOS STATES).

A WORD ABOUT COIN AUCTION SALES

It is a simple matter to sell a collection of nice coins. Any dealer will buy such a collection outright or offer it to the public at auction. However, all collectors accumulate duplicates from time to time and it is not always easy to market these at a fair price. INCLUSION IN AN AUCTION IS THE SOLUTION. Catalogues go to all types of collectors in all parts of the World and somewhere someone is looking for the coins you want to dispose of.

The Schulman family have been NUMISMATISTS for over 75 years. Our mailing list reaches thousands of collectors in every country in the World except behind the Iron Curtain. More than 600 mail bids were received for our last sale which was not an important one. It is not unusual for us to receive over a thousand mail bids when the sale is important. Our terms are fair and reasonable and are based on what you have to sell, how they are received and their value. If you want to sell your COLLECTION or just your duplicates why not write us for our terms. The present sale contains MORE THAN TWENTY FIVE CONSIGNMENTS . . there MUST be a GOOD REASON.

A Word About PRICE LISTS . . CATALOGUES . . BULLETINS

Every year we issue a number of Fixed Price Lists covering many fields . . FOREIGN CROWNS . . DECORATIONS . . SIEGE & COUNTERSTAMPED GOLD, ETC. We hold several auctions each year. From time to time we publish a bulletin. YOU CAN GET ALL THESE along with the Price Lists of our auctions by subscribing to the YEARLY PLAN for $2.00. This does not cover the cost of printing and mailing BUT it does help and tells us who the active ones are.

WHY NOT ASK US?

OUR AUCTIONS ARE A SMALL PART OF OUR NUMISMATIC BUSINESS

We have over 50,000 foreign and ancient coins in stock at all times. While we do issue price lists from time to time it is almost impossible to make complete lists as our stock is constantly changing and by the time we can compile a list, have it printed and mailed the VERY COINS YOU WANT MAY HAVE BEEN SOLD TO SOMEONE ELSE.

WHY NOT . . . . . ?

Send us a list of what coins or series you are interested in and let us see what we have in your line?

Naturally, we do not have everything but you would be amazed to see what passes through our stock in a years time. This is particularly true right now when we will soon have our tremendous purchases made abroad.
